**STUDENT CITY/TOWN OF RESIDENCE:** \_\_\_\_\_

Main city/town only; no separation by village, neighborhood or zip code; e.g. Dorchester, Roslindale, East Boston, etc. are all in Boston; Lenoxdale is in Lenox

**Instructions:**

- Provide the total number of K-8 students in each category in the tables or check the box to indicate that no students in the student city/town of residence have asthma and/or diabetes.
- If you have asthmatic and/or diabetic students who reside in multiple towns, complete multiple survey worksheets for each student city/town of residence.
- Student gender identity designations are M for male, F for female, and N for non-binary (as found on the DESE Student Information Form).
- Contact the school's business office for student race and ethnicity information, as needed.

This worksheet is intended for preparation of school data and/or as a record of the data for the survey. It is not meant for delivery of the survey to MDPH. Survey delivery to MDPH is via electronic survey, which can be found [here](#), or by visiting [www.mass.gov/pediatric-asthma-and-diabetes-surveillance](http://www.mass.gov/pediatric-asthma-and-diabetes-surveillance)
